

TRUST YOUR TESTING TO A PROVEN INDUSTRY LEADER

IAS-Accredited Dynamic Certification Laboratories (DCL) is the only ISO/IEC 17025:2017 Accredited Seismic Simulation Test Laboratory with a triaxial shake table managed by California licensed Structural Engineers.

We're your single source for a complete range of high-quality seismic services and solutions.

- Seismic, Vibration, Shock Simulation
- Testing, Analysis, Reporting, Certification
- Experienced, Dedicated Staff
- Unparalleled Commitment to Quality

COMPREHENSIVE SERVICES

- Seismic Certification Plan Development
- Engineering Analysis and Design
- Finite Element Computer Modeling
- Design for Anchorage and Restraint
- Shake Table Testing
- OSHPD Pre-Approvals for Restraint and Anchorage, Special Seismic Certification
- Site and Project-Specific Special Seismic Certification
- Nuclear Qualification and Testing Services that Meet ASME NQA-1 Requirements
